Stop the nonsense!! Leave businesses alone! You have no business interfering into the free market system especially since you are bringing supposed legal actions in fraudulent federal courts. Why don t you take Microsoft into a district court of the United States as it demanded by the US Constitution instead of in a United States District Court that is only authorized to function within DC or in one of the US territories! Look it up! But then again you aren t honest enough to look up anything are you? www.texasisaliar.com The Federal Anti-Trust Acts don t say what you think they say so do the right thing and leave businesses alone!!
